In November 2007, California State Highway 243 was renamed "Esperanza Firefighters Memorial Highway" in honor of five firefighters who perished in a fire in October 2006. For practical purposes, it will be referred to only as Highway 243 throughout this map.

Typically, signs will give current conditions and fire restrictions as you enter the mountain area. Exercise caution with fire at all times. For more information about campfires, visit the Idyllwild Ranger Station, Mt. San Jacinto State Park office or Idyllwild County Park.

Idyllwild has suffered mild and severe drought conditions in recent years. Please do everything you can to conserve water.
